What's new in version 2.0.3

Features

Version 2.0.3 of the Scribe Adapter for Pivotal focuses primarily on technical alignment with Scribe Insight version 6.4.

What's new in version 2.0.2

Features

Uninstalling the adapter

After installing the adapter, the adapter now appears in the list of installed programs in **Add or Remove Programs** in Control Panel.

What's new in version 2.0.1

Features

New adapter installation

This new version of the adapter is designed to work with Insight 6.3 and to be compatible with Microsoft .NET Framework 3.0.

With Insight 6.3, all of Scribe’s adapters are now available as part of the Insight installation. The adapters for Insight 6.3 are not available for individual download.

This version of the adapter is designed to look and function in a manner that is consistent with the previous version. The documentation is unchanged — the instructions for the previous version of the adapter are equally applicable to this newer version.
